## A PIONEER'S STORY

TELLS OF THE LOCATION OF BUILDINGS AND RESIDENCES.

## IN CITY IN EARLY DAYS

Where City Now is Land Was Offered For Sale at \$3 Per Acre—Some of the Families Here Then.

Below appears the third installment of the pioneer's story of Maryville, as written by an old settler in this city. These articles are attracting a great deal of attention.

I will now state how many men were men of family, or that had families when I came here. They were Andrew F. Stinson, James H. Saunders, Theodore L. Robinson and James R. Ford. Now I will proceed to name the women: Mrs. Theodore L. Robinson, Mrs. Amanda Michau, Mrs. John Lieber, Mrs. Bowen G. Ford, Mrs. Cynthia Mulholland and Mrs. Andrew T. Stinson. The husbands of all these women are deceased with one exception, that of Mrs. A. T. Stinson, so you can readily perceive the longevity is much in favor of the women. In the location of residences it may become necessary for me to recall all of those names hereafter.

I will now direct my attention to the building of business houses and also residences. As I am writing from memory alone, and since forty-six years have already elapsed my memory in some instances is quite vague, and if I should make a few mistakes I will ask you to pardon me, as it will not be done intentionally. As I seldom make an assertion, that I cannot prove or take back in order to keep my territory in Maryville as compact as is possible, I will commence at what is known as the Schumacher grocery. Benjamin T. Torrance and wife, nee Jennie Torrance, had their residence about fifty feet north of this corner, a neat one-story house, and where the Schumacher store now stands was then utilized as a garden. Just west in the same block, where the Carnegie library now stands, was the residence of Theodore L. Robinson. The house was originally built by Caleb Burns and afterward bought by Theodore L. Robinson. I am reliably informed that the house was built in 1858. The carpenter work was done by Mart Chamness, now at the county infirmary. He was one of the first carpenters in Maryville.

On the north and extending beyond Third street was a thick black locust grove. I think that Burns owned about forty acres at that time, and the southeast corner in the alley just west of G. B. Holmes & Co's grocery store, and running north through the alley for a quarter of a mile. I am reliably informed that that same forty acres was offered to John Collett for \$3 per acre, and Collett has often remarked that he did not buy it. There is one addition now to the city that bears his name, "Burns addition."

Theodore L. Robinson finally bought a part of this forty acres and afterward laid it off in lots and it was called "Robinson's addition."

Now I will go to the old Smith corner, lately occupied for several years by George W. Signs & Sons as a clothing store, and now occupied by the Montgomery Shoe company. In the spring of 1853, I am informed, A. J. Saunders built a brick building on that corner, 22x40 feet.

I think that a man by the name of Snow edited a paper called the Maryville Journal. He afterward moved it to the upper room in a brick building that stands about where the Bee Hive shoe store now stands. James H. Saunders kept a general store on the first floor. After the war broke out the confederates came into Maryville, took about one dozen and a half of men's saddles from his store, then went upstairs and threw Snow's printing press into the street. I will now refer you to George Conrad, now a resident of the city. I think he can tell you about where some of the type went to, and what use was made of it, although George was a mere boy at that time. The confederates then went to the A. L. Jenkins corner and burned that corner, better known as the Smith corner. As it was a brick building it only injured the inside. In the spring of 1866 Adam Terhune bought that corner and had it rebuilt. I am not sure, but the best I can get that building was twice burned during the war. There were several small buildings between that corner and the Ben F. Torrance residence, but nothing of any particular note. I will also state that there was a well of fine water. It is now perhaps under the back part of the Raines Bros. jewelry store.

I will now go to the brick building, if I mistake not, where the candy kitchen now stands. Thadus K. Beal and Theodore L. Robinson kept a general store under the firm name of Beal & Robinson. They had a clerk in

the store by the name of William H. Jennings. I saw a letter from him some time ago. He worked about a year for Beal & Robinson. He stated that that was the best year's schooling he ever had, and that one year's work started him on the road to prosperity. He is now a banker in Iowa, his bank carrying his name, the Jennings bank. In his letter he sent his regards to Jacob M. Charles, now living ten miles southwest of Maryville, and to Jacob M. Ashford, who were fast friends, and if possible he would visit Maryville this spring or summer.

We come to the business brick house about where the Orear-Henry Drug company now is. It was owned by Benjamin F. Torrance. The stairs leading up to the second story at all of these houses mentioned were all on the outside, with a platform in front of each door, all of them open steps. I mean by that that there were no raisers as are now used in constructing stairways. There were no more buildings to speak of until we came to the corner known as the John Lieber and Lavenour Michau corner. In my last letter I wrote his name John T. Michau, and I was called down. I made a proper apology, and now I am again in pretty good standing. The Lieber and Michau building was built, as I am credibly informed, in 1860. Mart Chamness was the contractor. The building was 22x80, a frame structure, built of native lumber. In front of the building was a covered porch about twelve feet wide extending the full length of the building, the porch roof sloping to the street. The porch was at least two and a half feet above the ground, with steps at each end. Directly in front of this building were two forks firmly set in the ground, about sixteen or eighteen feet apart. A pole was then laid lengthwise of the street. This was made for the benefit of men and women visiting their store, or for the express benefit of their customers. At the south end of this was a stile block, made more expressly for the benefit of women getting off and on their horses, and in a muddy time—oh, my! I haven't the language to express myself on that subject.

Just south of the Lieber and Michau building stood a small frame building, its dimensions perhaps about 16x28. Dr. Mulholland and Dr. Bickett kept a drug store there. (To be continued.)

## CAN THE MAIL CARRY MUMPS?

E. E. Farmer, a well known traveling salesman of this city, is off duty at one of his business points in Texas, because of an attack of the mumps. His daughter, Miss Lois Farmer, one of our high school students, finished her final examinations Tuesday in apparent good health, but by Wednesday had a well developed case of mumps. Is this just a coincidence or can mumps be carried through the mail?

## MISS ZILA ROBBINS WILL BE GRADUATED

Miss Zila Robbins, the eldest daughter of Rev. and Mrs. Grant A. Robbins of Sedalia, formerly of this city, will soon be graduated from Cornell college at Mt. Vernon, Ia. Miss Robbins' father is a former pastor of the First M. E. church of this city.

## Attended "Last Day."

Mrs. Charles Shippy and little daughters, Hester and Thelma, of Arkoe, came to Maryville Thursday to attend the closing day exercises of the Jefferson ward schools. Mrs. Shippy's second little daughter, Helen, has been a student at the Jefferson school all of the past school year and made her home with her grandparents, Mr. and Mrs. L. F. VanBriggle. She took part in the closing day exercises, also her sister, Hester, who gave the reading she attempted to give at the Salem commencement last week, when she was suddenly seized with "stage fright," as many a speaker of larger growth has been, and had to give it up. She is a nice little speaker.

## Visiting Grandparents.

Miss Ada Wallace of Kansas City is in Maryville for a two week's vacation visit with her grandparents, Mr. and Mrs. E. E. Tilton. Miss Wallace is stenographer for the Bemis Bros. Bag company of Kansas City. She was formerly stenographer for Secretary Woodworth of the Poland-China Record association of this city.

## Left for Kansas.

Mrs. Floyd Wiley and little son, William Richard, who have been visiting her mother, Mrs. Eunice Graves, for several weeks, left Friday morning for their new home in Larned, Kan.

Miss Edith Anderson, who has been attending the high school the past year, making her home with her aunt, Mrs. A. B. Gibson, left for her home at Cosby, Mo., Friday morning.

## TAKES HIS LIFE

SAMUEL WALLACE DIED FRIDAY MORNING.

## TOOK CARBOLIC ACID

Had Been in Ill Health for Some Time and Was Brooding Over Not Being Able to Work.

Samuel Wallace, a farmer who lives nine miles west of Hopkins, took his life Friday morning about 9:30 by taking a dose of carbolic acid. The cause for the rash deed was on account of sickness, Mr. Wallace having been in ill health for some time, and on account of brooding over not being able to work.

Dr. Sargent and Dr. Large of Hopkins were sent for and arrived at the Wallace home, making the nine mile trip in Glen Jeffries' automobile in fifteen minutes. They arrived before Mr. Wallace died, but the carbolic acid had taken effect and nothing could be done to save his life.

Mr. Wallace was about 60 years old and had lived near Hopkins for twenty-five years. He is survived by his wife and eight children. They are Mrs. Jesse Cox of Clearmont; Mrs. A. E. Hedinger of Hopkins, and Mrs. Jake Cox and Mrs. Walter Ulmer, living near Hopkins, and W. and Charles Wallace and two boys living at home.

Coroner J. H. Todd left Maryville for Hopkins this afternoon to hold the coroner's inquest.

No arrangements have been made as yet for the funeral services.

## WILL DEFEND NAME OF LINCOLN'S MOTHER

The following article in the St. Joseph Gazette of Thursday concerns a former Maryville man, E. B. Yeamans, the father of Robert P. Yeamans and Roy Yeamans of this city:

E. B. Yeamans, 616 North Sixth street, who was for twelve years a personal associate of Abraham Lincoln, and whose mother and grandmother were born in the same neighborhood with the Lincolns, in Kentucky, is preparing to defend the name of Lincoln's mother in lectures. The first of these lectures will be delivered before the Sunday school of the First M. E. church, Eighth and Farnon streets, Sunday morning.

Mr. Yeamans lived in Springfield, Ill., from 1849 to 1861, and during that time saw Abraham Lincoln daily. In the Lincoln-Douglas debates Mr. Yeamans heard the discussions at different places and at Clinton, Ia., led the Glee club on the occasion of the debate there. Mr. Yeamans heard Lincoln's farewell speech to his fellow citizens at Springfield. Mr. Yeamans' parents moved to Illinois about the same time that the Lincolns went there.

"I recently read an article on the life of Lincoln that insinuated his mother was not a good woman, and it stirred me up," said Mr. Yeamans yesterday. "It was not the first article of the kind I had read. I have heard lectures cast this same slur on the name of Lincoln's mother. The historians, biographers and lecturers who are guilty of this do not know what they are talking about. I do know—I know that Lincoln's mother was as good a woman as ever lived. Others seek to give the impression that he sprang from virtually nothing, that his mother was bad and his father was dishonest. Could they tell the truth they would record the fact that she was a Christian woman, they would give her credit for much of the good in this great man. Lincoln seldom spoke of her, but when he did it was with the greatest feeling and tenderness. 'All that I am or hope to be,' he once exclaimed, 'I owe to my sainted mother.'"

## HARVE BAINUM CANDIDATE FOR POLICE JUDGE

E. H. Bainum will be a candidate for police judge at the special election to be held on Tuesday, June 6. Such an announcement was made Friday. Mr. Bainum is still confined to his home, suffering from a broken leg, but will be able to be out in a few days. "Harve" will make a good police judge, and his many friends will see to it that he wins the election.

Miss Besse Scott went to Bedford Friday to give instructions to her music class, which she organized there recently. She will return Sunday morning.

Refreshments were served and the small host gave several selections on his phonograph. Those present were: Clarence Holladay, Glen Grover, Frank, Jean and Billie Culverson, Nina Jackson, Jennie Jackson, Henry Coburn, Mary Karl, Charles Karn, Leland Hawkins, Lawson Scott, Dewey Scott, Fay Allen, Gladys Culverson, Johnnie Stundon.

### Japanese Tea at "Maple Place."

The Wednesday afternoon tea given at "Maple Place," the home of Mrs. Frank Guydette Shoemaker, was in every way the most attractive social affair that has been given in Maryville for some time. The hostesses were Mrs. Shoemaker, Mrs. Edwin George Orear, Mrs. Dillard Jefferson Thomas and Miss Esther Shoemaker. The rooms had been rendered unusually charming by the use of white peonias, wiggles, locust boughs, ferns and pink clover blossoms. In the reception hall the colors of green and white were carried out. Two hundred and twenty-five guests were entertained during the afternoon. The ladies receiving were Mrs. Shoemaker, Mrs. Thomas, Mrs. Orear, Miss Shoemaker, Miss Myra Hart of Breckenridge, Mo., who is Mrs. Orear's guest, and Mrs. Ernest Ransberger of Esperanza, Mexico, who is the guest of Mrs. Ferdinand M. Townsend. Assisting the hostesses were Mrs. George P. Bellows, Mrs. Noble C. Covey, Mrs. F. W. Crow and Miss Della Gremis.

The guests were invited to the dining room, which had been converted into a real Japanese tea room, where they were received by Mrs. Horace F. Leet, in Japanese costume. The beauty of this room can not well be told. A huge Japanese umbrella formed a canopied entrance to the room, which was screened from view by beautiful Japanese screens. The ceiling was thickly hung with Japanese lanterns of all sizes and colors. In one corner of the room handsome Japanese pictures were hung, which Mrs. Shoemaker secured at the St. Louis world's fair. A frieze made of Japanese toys and fans extended nearly half way around the room over the mantels. Joss sticks, fourteen in number, burned from small Japanese vases on the fireplace mantel, so that not only the eyes convinced one of the realness of the place, but the aroma also.

Mrs. C. C. Corwin and Miss Marie Brink made the tea from a beautifully appointed Japanese tea urn and table, while it was served from real Japanese cups at the dining table by Mrs. Ferdinand Townsend and Mrs. Ralph Eversole, who were assisted by Miss Bertha Beal, Miss Mae Orear, Miss Rose Schumacher, Miss Susie Ellison, Miss Mae Corwin and Miss Brownie Toel. All the ladies were charming in complete Japanese costumes. The chandelier over the dining table was covered by its Jap decorations. The centerpiece was a large bunch of purple iris, the Japanese flower, which completed every shade and color. It seemed to make the room complete. Japanese cherries were served in baskets, salted nuts and real Jap tea wafers. This was a delightful place, where the guests wished to linger.

The parlor and music room were ablaze in the colors pink and green, clover blossoms, peonias and ferns having been arranged to charming effect. The piano appeared to be standing in a spot of red clover, shaded with ferns and locust boughs. Glen Goff gave Japanese songs and piano numbers during the afternoon. Ices were served from an exquisitely arranged table in the parlor, also white bonbons in pink cases. Miss Allie Beal and Mrs. James F. Colby presided here. Their assistants were Mrs. Ferdinand Townsend, Miss Mabel Allen, Miss Donna Sisson and Miss Laura Barmann.

Many handsome toilettes were worn by the hostesses and their guests, making a scene of splendid kaleidoscopic beauty with the costumes of (Continued on page two.)

3:21 p. m.—"Batteries for the game—Maryville, Wise and Dietz; Auburn, Hirsch and Kraninger. Play ball," and the initial game of the first home series was on. One hour and forty-eight minutes later Walsh plucked the little pop-up fly of Auburn's pinch hitter, Mueser, and brought the game to a close, putting the second game in Maryville's won column 4 to 1. Somewhat different from the 11 to 9 defeat of last year.

It was a good steady game, with a few flashes of sensation thrown in, and was witnessed by a fairly large crowd. Maryville seemed to be a little weak at first, but Wise tightened up and pitched better as the game progressed. Hirsch, the big side-wheeler, did the stunt for Auburn. He steered out of the channel for four bases on balls and finished his voyage with two strike-outs. Wise held the best side of the tally with three bases on balls and six strike-outs.

Auburn lagged her one run in the first half of the second. In the last half of the third Wise, the second man up, was given a base on balls. Sackett followed with a long fly to right, which was muffed and bounded over the fence into the road. Sackett claimed a home run by the ground rules, but was kept on second, and the game proceeded under protest from Maryville. While this was going on, Wise sneaked from third to home, with everybody watching him. Dietz then knocked down his second hit for two bases, but the side was retired before he could score. Wintz and McBride pulled off a fast double play in the next inning with a forced run on retiring Auburn.

Bulger, the bunter, stuck one over the left field fence for four sacks in the sixth. With two down in the eighth, Auburn filled the bases for the first time, but the next man flied out to Walsh. The score:

### Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of the day requires right kind of flowers—such flowers as we have in profusion, loose and in wreaths etc.

## HARLAN FILES FORMAL DISSENT

Associate Justice Asserts Standard Oil Ruling is Wrong.

DECLARES ARGUMENT FAULTY.

Subsidiary Companies Granted Right of "Undue Restraint"—Says Court's Opinion Will Greatly Disturb Nation's Business.

Washington, May 25.—Associate Justice John Marshall Harlan filed in the supreme court his formal dissenting opinion in the Standard Oil case. Not satisfied with his oral dissent from the court's decision as handed down by Chief Justice White, Justice Harlan entirely rewrote the stenographic report of his remarks from the bench.

Justice Harlan brands as mischievous the modification made by the court in the decree of the lower court permitting subsidiary corporations of the Standard Oil, after dissolution, to make "normal and lawful agreement" among themselves. Chief Justice White had characterized this modification as a "minor matter."

The further declaration is made by Justice Harlan that he is convinced the court's opinion "will throw the business of the country into confusion and invite widely extended and harassing litigation, the injurious effects of which will be felt for years to come."

In connection with what he terms a "mischievous modification," Justice Harlan quotes the chief justice as saying that "it does not necessarily follow that because an illegal restraint of trade or an attempt to monopolize or a monopolization resulted from the combination and the transfer of the stocks of the subsidiary corporations to the New Jersey corporation, that like restraint of trade or attempt to monopolize or monopolization would necessarily arise from agreements between one or more of the subsidiary corporations after the transfer of the stock by the New Jersey corporation."

"Authorizes Due Restraint."

"Taking this language in connection with other parts of the opinion," says Justice Harlan, "the subsidiary companies are thus in effect informed—unwisely, I think—that although the New Jersey corporation being an illegal combination must go out of existence they may join in an agreement to restrain commerce among the states, if such restraint be not undue."

As in his oral remarks Justice Harlan decries himself largely to criticism of the court for holding that not every restraint of trade violates the law. He reiterates that the court reversed its former rulings in the transmissouri freight and joint traffic association cases. Quoting several hundred words from each of these opinions, Justice Harlan says:

"These utterances show, so clearly and affirmatively as to admit of no doubt, that this court, many years ago, on the fullest consideration, interpreted the antitrust act as prohibiting and making illegal not only every contract or combination in whatever form was in restraint of interstate commerce without regard to its reasonableness or unreasonableness, but all monopolies or attempt to monopolize any part of such trade or commerce."

### THREE SHOT DURING QUARREL

S. L. Von Puhl Killed and Two By-standers Wounded in Denver Hotel.

Denver, May 25.—S. L. Von Puhl of St. Louis, who was shot three times by E. Harold Henwood here, following a quarrel, died shortly before noon. A charge of murder will now be placed against Henwood, who is in jail.

A quarrel, presumably starting over a woman and continuing over the merits of different brands of champagne, resulted in a triple shooting in the barroom of the Brown Palace hotel.

Frank H. Henwood, an agent of the Globe Blow Gas company of New York, did the shooting. S. L. (Tony) Von Puhl of St. Louis, a wine agent and well known as a balloonist, was the object of the shooting and received three bullets, one in the shoulder, one in the right wrist and one in the abdomen.

J. W. Atkinson of Colorado Springs, a contractor, was shot in the left leg and G. E. Copeland, a mining man of Victor, received two bullets, one in the left leg and the other in the abdomen.

Atkinson and Copeland were by standers and had nothing to do with the quarrel. They will recover.

### NEGRESS AND SON LYNCHED

The shot a deputy sheriff who went to search their shanty for stolen goods. The woman and her son were taken from the county jail by a mob, who members had first gagged and bound the father, Lawrence Payne. The bodies were found hanging on the timbers of a bridge across the Canadian river.

The Nelsons were placed in jail charged with the murder, two weeks ago, of Deputy Sheriff George H. Loney.

HAS BATTLE IN  
AIRSHIP WITH EAGLEAviator Gibert Shoots Big Bird  
With Revolver.Madrid, May 26.—With the excep-  
tion of the crossing of the Alps by  
George Chavez, on Sept. 23, 1910, a  
feat which ended in his death, the  
third stage of the aviation race from  
Paris to Madrid for the Petit Parisien  
prize of \$20,000 and \$10,000 additional  
offered by the Spanish aero clubs,  
proved to be the most severe test the  
aeroplane has yet been subjected to,  
and two of the three contestants, it  
now appears have been forced to aban-  
don the flight.Gibert, Garros and Vedrine began  
the third stage from San Sebastian  
early in the morning. The 266 miles  
of the route is almost entirely over  
desolate ranges, varying from 1,000  
to 5,000 feet in height, where a fall  
meant death and to make a fresh start  
would be impossible.Gibert fought the first recorded bat-  
tle of the air. A large, fierce eagle  
swooped down to give battle to its  
new rival. Manipulating the levers  
as best he could, Gibert with his left  
hand groped in his pocket for a re-  
volver. He fired two shots at the eagle,  
which dropped behind. He said it  
was one of the most exciting incidents  
of his life. The bird swooped down  
upon him viciously and struck at him  
with its powerful beak. It only suc-  
ceeded in carrying off his cap. He  
then fired at it, and he believes that  
one of the shots wounded the bird.

## RIOT PRECEDES FINAL EVENT.

Seven Killed and Thirty-Six Wounded  
Is Official List of Casualties—Police  
Fire Upon the Crowd—Five Persons  
Slain at Guadalajara.Mexico City, May 26.—President  
Porfirio Diaz is dead! Long live Citi-  
zen Porfirio Diaz!President Diaz, in a letter read by  
the president of the chamber of depu-  
ties, resigned the presidency of the  
republic of Mexico, and the accept-  
ance of the resignation by the depu-  
ties was announced.Everyone had expected an uproar  
and demonstration when the announce-  
ment should be made, but within the  
chamber the words announcing the  
event were followed by silence. The  
deputies seemed awed by what had  
taken place.In the streets, however, black with  
people, every street leading to the  
hall being blocked, news that Diaz  
was at last no more the president was  
the signal for wild shouting and man-  
ifestations. There was no violence  
nor no destruction of property.On the motion to accept the presi-  
dent's resignation, 167 deputies voted  
aye, while two of them did not express  
themselves.In similar fashion the resignation  
of Vice President Ramon Corral, now  
in France, was unanimously accepted,  
and similarly Francisco Leon de la  
Barra, late ambassador to Washing-  
ton, chosen provisional president.

## Letter of Resignation.

Diaz' letter of resignation follows:  
"Sirs—The Mexican people who gen-  
erously have covered me with honors,  
who patriotically assisted me in all  
works undertaken to develop industry  
and the commerce of the republic, es-  
tablish its credit, gain for it the re-  
spect of the world, and obtain for it  
an honorable position in the concert  
of nations; that same people, sirs, has  
revolted in armed military bands,  
stating that my presence in the exer-  
cise of the supreme executive power  
is the cause of this insurrection. I do  
not know of any fact imputable to me  
which could have caused this phenom-  
enon; but, permitting, though not ad-  
mitting, that I may be unwittingly  
culpable, such a possibility makes me  
the least able to reason out and de-  
cide my own culpability. Therefore,  
respecting as I have always respected  
the will of the people, and in accord-  
ance with article 82 of the federal con-  
stitution, I come before the supreme  
representatives of the nation in order  
to resign, unreservedly, the office of  
constitutional president with which  
the national vote honored me, which I  
do with all the more reason, since in  
order to continue in office it would be  
necessary to shed Mexican blood, dan-  
gering the credit of the country,  
dissipating its wealth, exhausting its  
resources and exposing its policy to  
international complications."I hope, gentlemen, that when the  
passions which are inherent to all  
revolutions have been calmed, a more  
conscious and just study will bring  
out in the national mind a correct  
judgment which, when I die, I may  
carry graven on my soul as a just es-  
timate of the life which I have devoted  
and will devote to my countrymen.  
With all respect, PORFIRIO DIAZ."

## Rioting Precedes Final Event.

An official statement of the number  
of casualties resulting from the riot-  
ing that swept over the city during  
the night places the dead at seven  
and the wounded at thirty-six. Sev-  
eral of the wounded are expected to die.Reports received from outlying  
quarters show that five people were  
killed at Guadalajara. Governor Gal-  
larzo of the state of Jalisco, of which  
Guadalajara is the capital, has re-  
signed and has been succeeded by  
David Gutierrez Alendo.

## Pioneer Editor Is Dead.

St. Joseph, Mo., May 26.—George  
Rees, printer and publisher, who ed-  
ited the St. Joseph Gazette at the be-  
ginning of the civil war, died here,  
aged seventy-eight years. He pub-  
lished the Constitution at Keokuk, Ia.,  
before the war, where the late Sam-  
uel L. Clemens (Mark Twain) was a  
printer. Rees published Clemens' first  
efforts in literature, a series of letters  
written from adjacent Iowa towns.

## Miss Eliza Munn, who moved from

this city to St. Petersburg, Fla., with  
her mother, Mrs. Margaret Munn, and  
other relatives, has written the follow-  
ing letter to The Democrat-Forum, re-  
questing that the paper be changed  
from St. Petersburg to Bay Minette,  
Ala.:"We leave here Friday of next  
week, going by way of Tampa and  
across the Gulf of Mexico to Mobile,  
Ala. We are locating about twenty  
miles from Mobile."This is a very desirable place to  
spend the winter months, on account  
of the splendid climate, but during the  
summer months the town is practi-  
cally dead. Many of the stores are  
closed, and those that are not close  
every Thursday afternoon."My brother John, my uncle and  
myself went down to Fort Dade—a  
fort on a small island between Tampa  
bay and the gulf—on May 6th, and  
saw the soldiers stationed there fire  
some of Uncle Sam's 8-inch guns at a  
floating target three and a half miles  
out in the gulf. They load each gun  
with a shell weighing 375 pounds, and  
then put in about 75 pounds of pow-  
der. When they are ready to fire the  
gun it is elevated above the fort and  
fired, the force of the discharge caus-  
ing it to recoil. The report is deaf-  
ening. You can hear the bullet whis-  
tling through the air until it strikes  
the target or drops into the water.You cannot see the bullet, because it  
travels the three and a half miles in  
fourteen seconds. They use smoke-  
less powder. Some of the soldiers  
from this fort were sent to Mexico."We have had many pleasant trips  
and have enjoyed the winter very  
much. "The rainy season is begin-  
ning here now. It rains some nearly  
every day during the summer."Tomorrow closes a six months'  
term of school for me in the city  
school here. I began my work the sec-  
ond week after we arrived here. The  
schools are as good as any in the  
state. They have a new building near-  
ly completed for the high school and  
the advanced grades."The Maryville people here are get-  
ting along very nicely. Mr. Curg Mil-  
ler and his bride are as happy as  
can be. Will Davenport and family  
are well. We see them nearly every  
day."We look for our paper as eagerly  
as we do for a letter from home.

"Best regards to all our friends."

Miss Mabel McCrary will leave Fri-  
day morning for St. Joseph, where she  
will attend the wedding of her friend  
Miss Helen Baker to Dr. Frederick

of the Independents.

Never has it been easier to build  
than right now—money is plenti-  
ful and is seeking legitimate  
channels. And there is no enter-  
prise more worthy than home-  
building. It opens the purse  
strings of the banker quicker  
than anything else, because it  
means that you have decided to  
become a part of the community  
in which you live. Thus almost  
before you start you find the  
ownership of a home carries a  
significance. Start it today—  
you'll be glad if you do and sorry  
if you don't. When you're ready  
to talk lumber we'll be waiting  
for you, because we have just the  
lumber you will need, besides a  
lot of suggestions that may be  
helpful to you—without any extra  
charge.

MOVED TO ALABAMAMiss Eliza Munn, who moved from  
this city to St. Petersburg, Fla., with  
her mother, Mrs. Margaret Munn, and  
other relatives, has written the follow-  
ing letter to The Democrat-Forum, re-  
questing that the paper be changed  
from St. Petersburg to Bay Minette,  
Ala.:"We leave here Friday of next  
week, going by way of Tampa and  
across the Gulf of Mexico to Mobile,  
Ala. We are locating about twenty  
miles from Mobile."This is a very desirable place to  
spend the winter months, on account  
of the splendid climate, but during the  
summer months the town is practi-  
cally dead. Many of the stores are  
closed, and those that are not close  
every Thursday afternoon."My brother John, my uncle and  
myself went down to Fort Dade—a  
fort on a small island between Tampa  
bay and the gulf—on May 6th, and  
saw the soldiers stationed there fire  
some of Uncle Sam's 8-inch guns at a  
floating target three and a half miles  
out in the gulf. They load each gun  
with a shell weighing 375 pounds, and  
then put in about 75 pounds of pow-  
der. When they are ready to fire the  
gun it is elevated above the fort and  
fired, the force of the discharge caus-  
ing it to recoil. The report is deaf-  
ening. You can hear the bullet whis-  
tling through the air until it strikes  
the target or drops into the water.You cannot see the bullet, because it  
travels the three and a half miles in  
fourteen seconds. They use smoke-  
less powder. Some of the soldiers  
from this fort were sent to Mexico."We have had many pleasant trips  
and have enjoyed the winter very  
much. "The rainy season is begin-  
ning here now. It rains some nearly  
every day during the summer."Tomorrow closes a six months'  
term of school for me in the city  
school here. I began my work the sec-  
ond week after we arrived here. The  
schools are as good as any in the  
state. They have a new building near-  
ly completed for the high school and  
the advanced grades."The Maryville people here are get-  
ting along very nicely. Mr. Curg Mil-  
ler and his bride are as happy as  
can be. Will Davenport and family  
are well. We see them nearly every  
day."We look for our paper as eagerly  
as we do for a letter from home.

"Best regards to all our friends."

## Airdome Ready to Open.

The big Crystal airdome will open  
for a sixteen weeks' season on Mon-  
day, May 29th. The first attraction is  
the Polk Vaudeville company, which  
was one of the best that played over  
the circuit last summer. The Polk  
Vaudeville company will put on four  
acts—two doubles and two singles.  
They will play for three nights, Mon-  
day, Tuesday and Wednesday, and will  
be followed by the Lee Moses Stock  
company on Thursday, Friday and  
Saturday. Each company will put on  
a new bill each night. Thirty-two  
companies are booked for the season.

## WON THE PRIZES IN

MANUAL TRAINING

Fred Vandersloot won the first  
prize, a fine plane and saw, and Chas-  
tain Harrel the second prize, a square  
and saw, offered to the boys of the  
manual training department in the  
high school, and Miss Elizabeth Cook,  
the daughter of Mr. and Mrs. Paul  
Cook, the girls' first prize, a hammer  
and saw, offered by the Campbell-  
Clark and Hudson-Welch hardware  
firms. The boys of the class are  
feeling that Miss Cook will hurt her  
fingers trying to use her new tools  
while not under the watchful instruc-  
tion of Professor Horton. But then,  
the boys are naturally jealous of Miss  
Cook's fine work.

### NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious troubles. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Douglas School Exercises.

The Douglas school exercises, held in the A. M. E. church, were well attended Wednesday evening by both races. Following the invocation by Rev. J. R. Carter was an address by Prof. C. A. Hawkins. In the course of his speech Prof. Hawkins said that punctuality is a form of reliability, and also explained the necessity of teaching it in the schools.

At the close of the exercises the audience was again favored by an address by President H. K. Taylor, who commented on the splendid type of negro here in this city, and declared that it is a duty of his race to help the negro in raising a standard of morality and education and to recognize truth and virtue wherever it is manifested, irrespective of race. Dr. Taylor also advised that the better class of negro dominate.

The program was ended by the benediction by Rev. W. A. Mitchell.

### A Hopeful Message to Scalp Sufferers and Men Whose Hair is Thinning.

Dandruff now—bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until it is dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirlwind cure for dandruff, eczema and all diseases of the skin and scalp the Charles Love drug store, on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city, secured the agency for the remedy. This remedy is Zemo, the clean, liquid preparation that kills the germ of disease, and Zemo Soap to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Maryville by Charles Love, druggist.

### Appreciate Their Teacher.

Miss Floy Lyle, who closed a very successful nine months' term of school at Martha Washington, south-east of the city, last Friday afternoon, has been re-elected for the coming year at a salary of \$50 per month. Miss Lyle was a member of the high school graduating class of 1910, and her first term of school speaks well for her ability as a teacher.

### Here from Graham.

A. C. Snyder and daughter, Mrs. Thornton and son, Dale Thornton, John Miller and J. A. Kavanaugh of Graham came to Maryville Thursday in Mr. Kavanaugh's new automobile, a Vette 40.

### Graceful and Attractive Women.

If you are thin and want to be plump; if you have wrinkles in your face that you are not proud of, if your skin is sallow or subject to pimples or blackheads take Mi-o-na stomach tablets to every part of the body. If the stomach does not do its work properly the nourishment in the food you eat is passed along without giving to the body any flesh building elements.

Mi-o-na stomach tablets quickly build up the stomach so that it extracts from the food all the elements necessary to form good solid flesh. If you are thin try a two weeks' treatment of Mi-o-na stomach tablets; two with each meal will work wonders. Mi-o-na stomach tablets are guaranteed to cure indigestion, acute or chronic, or money back. Sold by the Great-Henry Drug company and druggists everywhere at 50 cents a box.

## DEMOCRATS ON LORIMER CASE

Caucus Decides to Support Martin Resolution.

MARTINE AND BAILEY IN TILT.

Senator Hitchcock Suggests Appointment of a Special Committee to Conduct the Investigation and Reserves Right to Present Amendment.

Washington, May 26.—By more than a two-thirds vote Democratic senators in caucus decided to support the Martin resolution directing the senate committee on privileges and elections to reinvestigate the Lorimer case. Several senators reserved the right to offer amendments and some of them declared they would not be bound by the caucus action.

Senator Hitchcock reserved the right to present an amendment directing the committee on privileges and elections to designate a subcommittee on investigation to be approved by the senate. A number of senators indicated that they would support such a provision.

Senator Martine (N. J.) was among those who declined to subscribe to the majority action. He was taken sharply to task by Senator Bailey and a heated colloquy resulted. Senator Jeff Davis left the meeting early, declaring that as he had already determined to vote for the LaFollette resolution, he would not be bound by any action the caucus might take.

The verbal encounter between Bailey and Martine originated in Bailey's demand for general support of the Martin resolution. Bailey said that any senator who refused to be bound by the caucus had no rightful place in the party councils. This aroused the senators who favor the LaFollette resolution providing for an inquiry by a special committee of new senators.

Bailey contended that more than two-thirds of the caucus favored the Martin resolution, and it was thus the duty of all Democratic senators to abide by that decision. Martine replied that, while willing to compare his party record with that of the Texas senator, he was unwilling to be bound by a party caucus on a moral question.

Saying he would not bandy words regarding the character of his own Democracy as compared with that of another senator, Bailey insisted that all senators were duty bound to abide by the two-thirds decision of the caucus. Martine replied as pointedly, and the colloquy continued until Martine withdrew from the caucus, reiterating that he would not be bound by it on any except a political question.

### RISE IN YELLOW PINE RATES

Prices Go Up as Soon as Subsidiary Corporation Is Organized.

St. Louis, May 26.—The prices of yellow pine lumber jumped from 50 cents to \$1.50 a thousand feet in October, 1906, immediately after a subsidiary company of the yellow pine manufacturers' association began publishing the price lists, according to E. J. Schuster in a hearing of the state's outer trust against the alleged lumber trust.

R. C. Campbell, a lumber manufacturer's agent and former secretary of the Alf Bennett Lumber company of St. Louis, was the last witness of the hearing, which adjourned to meet in Kansas City, June 12.

W. C. Garrett, senior counsel for the lumber interests, became incensed because of the continued rulings against him by Special Commissioner Reynolds while Campbell was on the stand. He expressed the opinion that the lumber interests were not receiving the treatment they merited from the commissioner.

## SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped.

There is one place where baldheaded men shine, and that is in the front row seats of the theatre. If those baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

## Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic trouble, constipation, but from indigestion, headache, bloating, sour stomach, drowsiness after eating and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and other cathartics of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisner's of Sycamore, Ill., and Mrs. Carrie Culley's of 325 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a post card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 2400 Caldwell building, Monticello, Ill.

### CHILDREN'S HAIR.

Keep It Free from Dandruff and It Will Grow Lovely.

Being the best hair dressing for men and women, Parisian Sage is also best for children. Try it once and see how clean and healthy it keeps the scalp.

"My daughter used Parisian Sage on her children's hair, and it is as good as you recommend it to be."—Hannah Anderson, 1021 Divine street, Columbia, S. C.

Here is what a North Dakota woman says:

"Parisian Sage certainly has done my hair a lot of good, and will highly recommend it as a very good tonic for the hair. Have used various kinds of tonics and have found Parisian Sage the best. I have my head free from dandruff now, and it has a healthy luster and has an even color. It used to be streaky. Many of my friends are using it and they speak highly of it."—Mrs. Anna Rooney, 101 Second street, N. Fargo, N. D.

Always bear in mind that there is nothing for the hair that can compare with Parisian Sage. There are many imitations but none of them are guaranteed to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

A large bottle costs 50 cents at the Koch Pharmacy and druggists everywhere. The girl with the Auburn hair is on every bottle.
